

ORIENT EXPRESS WALLPAPERS

All aboard a wondrous MindTheGap journey where you will be transported across dazzling landscapes as you are enveloped in the timeless glamour of the Orient Express. Inspired by the thrill of this iconic style of travel and its enduring presence throughout eras past, when the cities of Paris, Venice and Vienna enthralled travellers with their mystical ambience and classical architecture, the new Orient Express wallpaper collection encapsulates the service's enduring appeal with a series of designs depicting moments on a mythical journey.

Echoing whimsical moments of the golden age of travel, with designs featuring scenes of fleeting forests and endless skies, railway station architecture, wooden toy conductors, brightly coloured cases stacked with pets waiting patiently for their owners to embark on a journey, alongside depictions of baggage cars, rich tapestries, tufted walls and ornamental room keys with colourful tassels ready to be collected by guests. The Orient Express collection takes us on a nostalgic journey on the most fascinating and exquisite of trains.

'Our new collection captures the excitement of luxury travel on the legendary Orient Express, from sweeping vistas and station architecture to the glamour of arriving at a magnificent hotel and the opulent details found on hand crafted luggage or in carriage interiors, these wallpapers aim to bring the feeling of wonder and exploration of this bygone era onto our walls.' - Stefan Ormenisan, Founder & Creative Director MindTheGap.
