MINDTHEGAP launches

Transylvanian Rhapsody

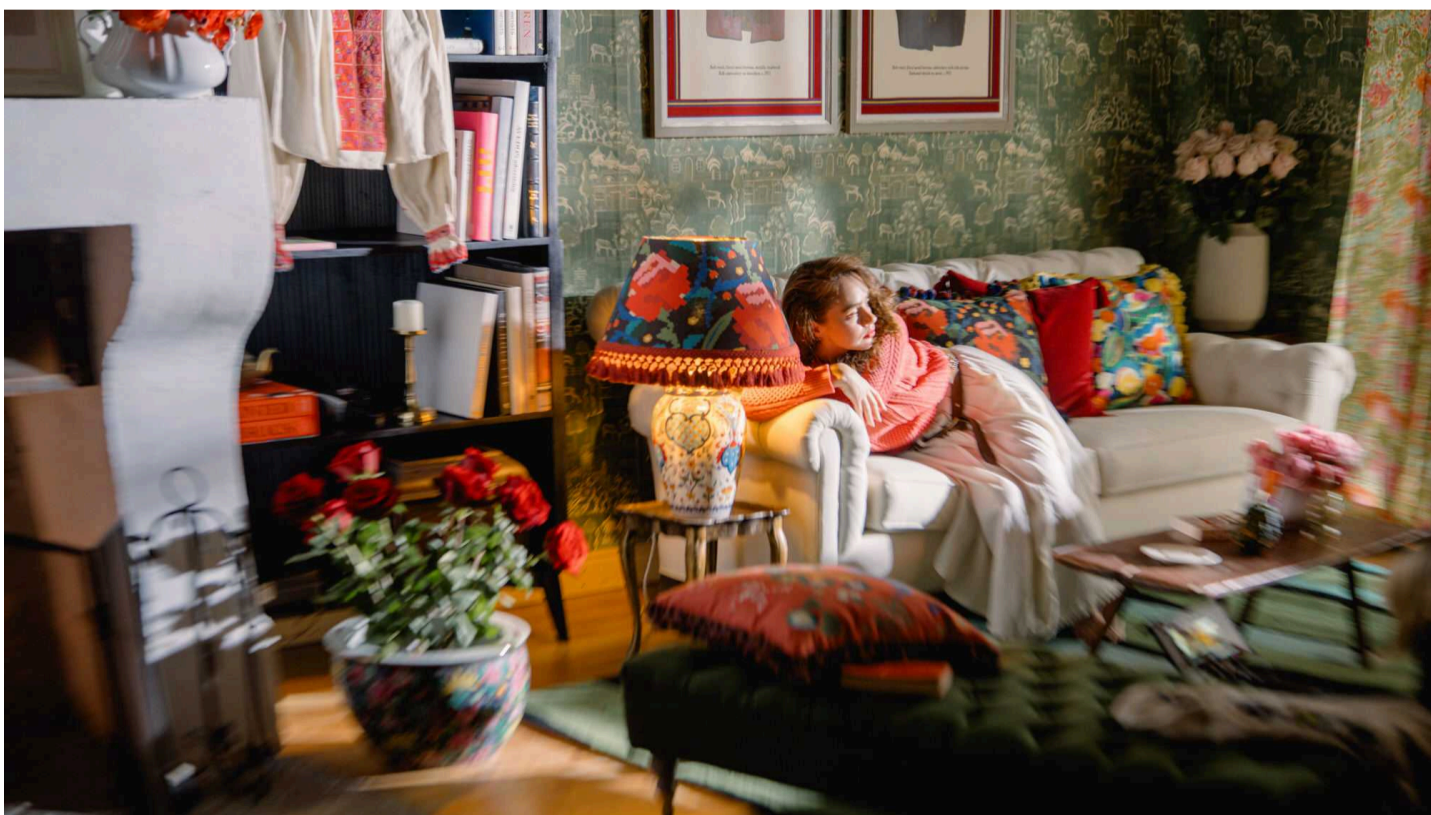

A CELEBRATION OF AUTHENTIC HERITAGE

Celebrating ten years of storytelling and craftsmanship, MINDTHEGAP introduces TRANSYLVANIAN RHAPSODY, a lifestyle collection inspired by the unique multicultural heritage of a land shaped by centuries of shared histories. Guided by wild romance and a free spirit rooted in this enchanted land, the collection stands as a tribute to freedom of expression, cultural diversity, and the authentic beauty of tradition seen through a contemporary lens.

Florals, symbolic motifs, and layered patterns draw from Romanian embroidery and folk textiles, where rich colour once brought warmth and joy to everyday life. Spanning wallpapers, fabrics, furniture, decorative accessories, and Kitchen Linens, TRANSYLVANIAN RHAPSODY forms a complete, extended lifestyle universe designed to be layered, mixed, and lived in. Hand-drawn by MINDTHEGAP's permanent in-house design team, the patterns reflect a distinctive visual language recognised worldwide for its expressive strength and unmistakable identity.
